I am a second-year computer engineering undergraduate at California Polytechnic State University.

WORK EXPERIENCE

2021-2025

YOUTH AMBASSADOR OF ASIAN PACIFIC ISLANDER COALITION ADVOCATING TOGETHER FOR HEALTH

Led presentations and discussions to educate teens on the health risks of cannabis and cigarette use. In this role, I collaborated with a 7-member team and worked on evaluating county-level disparities in Washington state. This experience strengthened my public speaking and leadership skills.

2026

CURRICULUM DEVELOPER FOR HUMAN ROBOT INTERACTION COURSE

Created a sociotechnical lesson plan on algorithmic bias in computer vision. Worked with two professors (Dr. Matsumoto and Dr. Schuman). Developed an interactive computer vision lab in which students get to work with different training sets.
